Day to Serve

In 2012, Governor Martin O'Malley and the governors from Virginia, West Virginia, and the mayor of the District of Columbia joined together with a shared goal of helping those in need and improving the communities where we live by creating the Day to Serve Program. The Program includes several ways in which organizations and individuals can participate: environmental projects, hunger-related projects, or community-building projects.

As a participant in Governor Martin O'Malley's Day to Serve Program the Maryland Port Administration, on weekdays between September 16 and September 27, will conduct a food drive to benefit the Maryland Food Bank.

A storage pod, monitored by employees from the Maryland Port Administration, will be located outside the West entry to the World Trade Center. Between 8:00 AM and 4:00 PM each day, donations of non-perishable food items may be dropped off.

A trailer, also monitored by employees from the Maryland Port Administration, will be located at 1st and C Streets on the Dundalk Marine Terminal and will have easy access from the POV gate. Between 7:00 AM and 3:00 PM each day, donations of non-perishable food items may be dropped off.

For any questions, contact the MPA's Human Resources office at 410-385-4548.

We appreciate your donations in support of the Day to Serve and the Maryland Food Bank.
